ADMINISTRATIVE REMEDY RESPONSE

This is in response to your Request for Administrative Remedy received March 20, 2019, wherein you state you have not be given appropriate consideration for Residential Re-Entry Center (RRC) placement, six months prior to your projected release date to satisfy your release needs. You request an immediate RRC referral.

A review of this matter reveals your Unit Team has recommended you not be afforded the opportunity to participate in a Residential Re-Entry Center placement. This recommendation was based upon utilizing the criteria established in the Second Chance Act of 2007. The criteria states, the five factors to consider are the resources of the facility contemplated, the nature and circumstances of the offense, the history and characteristics of the prisoners, any statement by the court which imposed the sentence and any pertinent policy statement issued by the United States Sentencing Commission. In addition to the above factors, the Unit Team considered your institutional conduct. You have incurred 43 incident reports, to include violations within the Special Management Unit (SMU).

In view of the above, there is no basis for relief, and your request for Administrative Remedy has been denied.

If you are dissatisfied with this response, you may appeal to the Regional Director, United States Federal Bureau of Prisons, Northeast Regional Office, United States Customs House - Seventh Floor, Second and Chestnut Streets, Philadelphia, PA 19106, within twenty (20) calendar days from the date of this response.
